

# The Winter Blues

## Improv Activity

Does winter give you the blues? Are you stuck in school wishing for a snow day? Are you wishing for springtime and sunshine?

Experiment with the notes of the **Blues Scale** to improvise a blues song about winter. Use any of the notes with an X —you can't go wrong! Just make sure to end your song with an **E<sub>b</sub>** (it's the tonic pitch).

Feeling creative? Write some words for your song! Here's how to start:

*I Got the Blues...*
