

The Frog Song

Play the white keys F-G-A-B one at a time, as you sing this silly sentence: **Frogs Get All Bumpy**

Now, play all 3 black keys together two times and shout: **Ribbet, Ribbet!**

Play your pattern up and down the piano. Can you find a group of keys that sounds like a big bullfrog?
A tiny tadpole?

Bonus

Can you make up your own silly song using the letters **F G A B** and the 3 black keys?
